

CLEMENCEAU FORMING NEW FRENCH CABINET

Will Succeed That Headed By
Professor Painleve

Stephen Pichon Best Known of the
Men Announced as Having Been
Chosen by M. Clemenceau.

Paris, Nov. 16.—Georges Clemenceau, who is forming a cabinet in succession to that headed by Professor Painleve, expects to present the complete ministry to President Poincare this afternoon. The new ministry thus far is constructed as follows:

Premier and Minister of War, Georges Clemenceau; foreign affairs, Stephen Pichon; justice, Louis Nail; interior, Jules Pams; finance, Louis Klotz; marine, Georges Leygues; commerce, Etienne Clementel, public works, Albert Clavielle, munitions, Louis Loucheur; instruction, Louis Laffere; colonies, Henry Simon.

The ministers of agriculture, labor and provisions have not yet been announced.

Of the men announced today as having been chosen by M. Clemenceau as his associates in the new ministry Stephen Pichon is perhaps the best known abroad. He has long been prominent in public life, having held a number of portfolios. He figured conspicuously in the Moroccan affair, and in 1906 was made foreign minister in the cabinet selected by M. Clemenceau at that time. He is a member of the senate and a radical republican and during the war has been consistently championing the cause of the entente, urging vigorous conduct of the military affairs and closer co-operation of the allies.

Louis Nail is a radical republican. He was secretary of state for the Mercantile Marine in the Briand cabinet.

Jules Pams is a rich manufacturer. He was minister of agriculture in the Monis cabinet. At the time of the last presidential election he was the candidate of the radical left and was the only formidable competitor of M. Poincare.

Louis Klotz, Etienne Clementel, Albert Clavielle and Louis Loucheur held the same portfolios in the Painleve cabinet as those to which M. Clemenceau has appointed them. M. Klotz is a member of the Union of Republicans and radical Socialists. M. Clementel belongs to the radical left. M. Clavielle is a railroad expert. Georges Leygues is attached to the Republicans of the Left. He is president of the chamber of deputies and in 1906 was appointed minister of colonies. Louis Laffere is a member of the union of Republican and Socialist radicals. He was minister of labor in the Briand cabinet.

Later Deputy Collard accepted the ministry of labor. Deputy Durand refused the post of minister of agriculture and that department has been attached to the ministry of provisions under Deputy Victor Boret, with M. Villegrain as under-secretary specially charged with general service connected with corn.

The rapidity of the formation of the ministry establishes a record in French politics. Premier Clemenceau began his task at 4 o'clock yesterday afternoon and completed it within 24 hours.

A committee of radicals and radical Socialists by a vote of 59 to 26, approved by members of the party participating in the ministry. The attitude of the Socialists after the resignation of Premier Painleve however, prevented Premier Clemenceau from inviting any member of that party to hold office.

Victor Boret is president of the agricultural committee of the chamber of deputies. Deputy Collard represents a section of the department of the Rhone.

A new ministry of blockade and invaded regions has been created to which Charles C. Jonnart, minister of foreign affairs in the Briand cabinet has been appointed.

Senator Jeanneney, chairman of the senatorial committee on army appropriations, has been appointed under-secretary of state to Premier Clemenceau with a seat in the cabinet. Deputy Albert Favre has been appointed under-secretary of the interior and deputy Jules Cels under-secretary of the navy especially charged with questions concerning the submarine warfare.

FAMOUS SCULPTOR IS SERIOUSLY ILL

PARIS, Nov. 16.—Auguste Rodin, the famous sculptor, is seriously ill. His physician, Dr. Stephen Chauvet, has issued the following bulletin:

"Congestion of the lungs has caused great weakness. The patient's condition is grave."

Auguste Rodin was born in Paris in 1840. His impressionistic and inspirational works are known throughout the world.

PRICES NEARLY DOUBLE.

Washington, Nov. 16.—Prices of meat animals—hogs, cattle, sheep and chickens—were 62.2 percent higher on October 15 than a year ago; 87.3 percent higher than two years ago and 88.1 percent higher than the average of the last seven years on that date, the department of agriculture announced today.

NEW RULING FOR COAL DEALER

Washington, Nov. 16.—Coal jobbers and wholesalers were prohibited today by Fuel Administration Gardner from selling coal at prices "subject to revision," hereafter all sales must be made at the government price without any provision for revision.

FRENCH OFFICER TO VISIT CAMP DODGE

CAMP DODGE, Ia., Nov. 16.—General Vignal, veteran French officer, will visit Camp Dodge this winter during the time a number of French and British officers are assisting in the instruction of candidates for commissions in this officers' training camp.

This was announced here today with the information that there would be several French officers, in addition to the six already here, and about ten British officers on the staff of instructors with the officers camp, which opens January 5.

WILL RESUME WORK ON GOVERNMENT CONTRACTS

Strikes are Called Off By
Building Trades Council

Men Will Return to Work Today on
All Plants Affected, Except Great
Shipbuilding Plant at Squantum.

Boston, Nov. 16.—Strikes which have impeded construction on important government war plants in this vicinity for the past few weeks, were called off by the building trades council tonight. The men will return to work tomorrow on all plants affected except the \$9,000,000 shipbuilding plant at Squantum.

Labor leaders announced that the action was taken on receipt of definite assurances that representatives of the navy and war departments would confer with them here tomorrow on alleged non-union conditions at Squantum.

The so-called open shop conditions at Squantum precipitated a series of strikes which spread to the Watertown arsenal, the Boston navy yard, the naval hospital at Chelsea, the federal appraiser's stores in this city and the magazine stores at Hingham.

On these jobs 1,500 mechanics will resume work tomorrow, but the men will not be ordered back at Squantum it was stated, until the matter has been gone over tomorrow at a conference between agents of the joint council of the building trades unions and Admiral Harris of the bureau yards and docks at the navy department and Stanley King, third assistant secretary of war. The decision to resume work it was stated at Union headquarters was reached in spirit of "patriotism" after an almost continuous session of seven hours.

HEALTH REPORTS OF ARMY CAMPS GIVEN

WASHINGTON, Nov. 16.—Detail reports of health conditions in national guard and national army camps for the week ending Nov. 9 made public today show measles and pneumonia predominating among the ailments which have laid men in the hospitals. The sick and injured rate in the national guard camps was 23.9 per thousand and in the national army camps 25.2. In national guard camps, northern troops showed much less sickness from diseases of communicable nature.

In the national army camps the same comparison prevailed except at Camp Funston, Fort Riley, Kansas, which had 24 new cases of pneumonia and nine new cases of meningitis during the week.

There is a considerable increase in measles at Camp Beauregard and Donaphin. Thirty four new cases of pneumonia were reported at Camp Wheeler and thirty nine at Camp Wheeler. Camp Pike had 683 cases of measles and 76 pneumonia. Camp Jackson has thirty seven cases of measles. The measles cases are reported as mild.

KING GIVES RECEPTION TO AMERICAN MISSION

London, Nov. 16.—Among those present at a reception given by King George to the American mission today were Premier Lloyd George, Arthur J. Balfour, secretary of state for foreign affairs; and the principal members of the Royal Household. All the arrangements were simple and informal in accordance with the strict method of rationing constantly followed by the king and queen. There was no music nor special floral decorations.

The members of the American mission afterward commented on the excellent example thus set to nation and expressed gratification that no exception had been made in their case.

ACTIVE BOMBARDMENTS ON FRENCH FRONT

Paris, Nov. 16.—The following official communication was issued this afternoon:

"Active bombardments have taken place on our front in Belgium (Champsagne in the region of Mont Meuse and also on the right bank of the Meuse).

"Belgian Communication.—Both artilleries moderately active on the 15th. We silenced several enemy batteries which were in action against our defensive works and our artillery in the region of Ramsappelle and to the south of Dixmude."

AVIATOR INJURED.

Chanute Field, Rantoul, Ill., Nov. 16.—Charles B. Johnson of Mineo, Okla., an aviation student at Rantoul, fell over 300 feet Thursday evening when his machine hit a wire and did a "tail spin" dropping to the ground. He was injured about the skull and part of the steering device penetrated his abdomen. At noon today attending surgeons said his chances for recovery were good. Johnson came here from Ashburn Field last July.

OFFICIALS' CONDUCT MAY BE INVESTIGATED

Girl Testifies Before Congressional
Riot Committee

Chairman Johnson Requests Investigation
of Conduct of Assistant
State's Attorney of St. Clair
County and U. S. Commissioner
as Result of Witness' Story.

East St. Louis, Ill., Nov. 16.—An investigation of the conduct of Lloyd V. Walcott, assistant state's attorney of St. Clair county, Illinois and of C. P. Coultas, United States commissioner will be requested by Chairman Johnson of the congressional riot investigation committee.

This was announced this afternoon by Chairman Johnson after a sub-committee had heard Myrtle Gardner, 19 years old, tell of being lured to a hotel. Chairman Johnson directed the United States attorney to take steps to protect the girl from assassination.

Congressman Johnson said he would present a transcript of the evidence to Edward J. Brennan, agent of the department of justice at St. Louis and would present to the department of justice other testimony regarding United States Commissioner Coultas, with a request that his conduct be investigated. The sub-committee which consisted of Congressman Johnson and Congressman Cooper, found the girl ill with tuberculosis at the home of Mrs. Grace Yent, proprietor of a furniture store.

The girl testified that when she was 17 years old she was lured to the Star Hotel, East St. Louis, on representation that she was to be employed at house work. There her clothes were taken from her, she said. She testified she was required to earn a certain amount of money daily, or go without food and to see that men visitors bought beer. She said that a frequent visitor to the hotel was Lloyd V. Walcott. The girl said she came from Kentucky.

Corral Crook, an employee at Mrs. Yent's furniture store, testified that United States District Attorney Karch took Mrs. Yent, the girl and himself before the federal grand jury at Danville, Ill., and that later the proprietor of the Star Hotel was arrested on a Mann act charge and on charges of bootlegging. Soon thereafter, he said, the three persons were taken before the grand jury were arrested on a "frame-up" charge of conducting a resort.

Crook said he was advised by an attorney to retain C. B. Coultas, United States commissioner as his attorney, but when he went to Coultas' office he found that the office had been taken over by Assistant State's Attorney Walcott and the office of Corporation Counsel Sullivan. Sullivan, he said, defended the hotel proprietor on the bootlegging charge. The trial of Mrs. Yent, Crook and the girl is set for Saturday in the court of justice of the peace Clark.

Congressman Johnson said he would attend the trial with the stenographer of the congressional committee.

U. S. EXPORTS GREAT AMOUNT OF MEAT

WASHINGTON, Nov. 16.—Almost five and one half billion pounds of meat and meat products were exported from the United States in the first three years of the war. Department of commerce statistics show almost two billion pounds were exported during the fiscal year of 1917. The exact three year total was 5,447,429,046 pounds.

Other foodstuffs exported during the three years were:

Wheat, including flour, 779,160,700 bushels.

Corn, including meal, 157,318,425 bushels.

Points, including oat meal, 294,678,643 bushels.

Barley, 70,608,759 bushels.

Potatoes, 9,642,235 bushels.

MARSHALL FIELD & CO. TO BE RE-ORGANIZED

CHICAGO, Nov. 16.—Reorganization of the management of Marshall Field & Co. and the withdrawal of the Marshall Field estate from participation of the business was announced today by John G. Shedd, president of Marshall Field & Co. James Simpson will become the vice-president; John McKinley, second vice-president; Fred E. Reynolds, treasurer and Kersey C. Rex, secretary. In the re-organization part of the stock has been reduced from \$100 to \$10 a share the number of shares increased from 60,000 to 100,000 shares.

FOUR FIREMEN ARE OVERCOME BY FIRE

DETROIT, Mich., Nov. 16.—Four firemen were overcome and a number of girl employees were thrown into a panic, but escaped injury in a fire early tonight that swept thru the fifth floor of a motion picture film exchange building in the downtown section and caused \$400,000 loss.

Offices and storerooms of the General Film company and the Vitaphone company were destroyed. The origin of the fire has not been ascertained although it is known to have started in the warehouse rooms of the General Film company.

EARTHQUAKE RECORDED.

Washington, Nov. 16.—A pronounced earthquake, estimated to have been centered about 5,000 miles from Washington, occurred during the night beginning at 10:39 p. m. and continuing until about 12:52 a. m. The maximum movement was between 11:17 and 11:40 p. m.

War News Summarized

The situation in Russia is still clouded by uncertainty owing to interrupted communication with Petrograd, where at last reports the Bolshevik faction was in control and fighting was in progress in the streets. A belated despatch to The Associated Press sent from Petrograd last Wednesday morning, reiterates that the forces of Alexander Kerensky, premier of the provisional Russian government met with defeat at the hands of the Bolsheviks south of Petrograd while endeavoring to march upon Tsarskoe Selo and was compelled to retreat back to Gatchina whence they started for the attack.

A more belated communication—despatched from Petrograd last Tuesday—contained more hopeful news concerning Kiev, where it was said the Cossacks and military detachments had gained control of the city after considerable fighting during which the leaders of the recalcitrants were arrested. Moscow, however, was partly in the hands of the government troops and partly under control of the Bolsheviks. The government contingents holding the central portion of the city and the Bolsheviks its environs. The casualties in Moscow as the result of street fighting were estimated at from 700 to 2,000. As on the Italian front, which is the only theater in the world where intensive fighting is in progress the Italians daily continue to stiffen their front from the region of Lake Garda to the Adriatic sea. Nowhere have the Teutonic allies been able to penetrate their fronts for new gains of importance. On the other hand their attacks have met with fierce resistance and ultimate repulse, except in the north where the town of Cismone on the east bank of the Brenta river and several hill positions have been taken by the invaders.

All along the Piave a furious artillery action is in progress and Italian airplanes again have come into the fray and are doing notable work in dropping bombs on the enemy lines.

To the south near the mouth of the Piave in the region known as the Holland of Italy, Italian infantry have opened the dikes against the enemy forces which crossed the swamp at Grisolesa who possibly have been trapped by the rush of the water. The inundation, at all events will make harder the task of the enemy in bringing up guns with which to shell Venice from the north-east.

The British in Palestine continue to press forward against the Turks. They now have reached a point three miles south of Jaffa and are meeting with only slight resistance. Since the operations began October 31, more than 9,000 Turks have been made prisoner.

A new French cabinet has been formed under the leadership of Georges Clemenceau one of France's most virile statesmen. M. Clemenceau in addition to his post as premier has assumed the portfolio of minister of war.

FORD JOINS STAFF OF SHIPPING BOARD

Will Lend His Talent for Standardization of Production in Speeding up Building of Fleet.

Washington, Nov. 16.—Henry Ford joined the staff of the shipping board today to lend his talent for standardization of production in speeding up the building of a new fleet. He was made special assistant to Charles Piez, vice-president of the board's emergency fleet corporation. Mr. Ford will begin work next week and will spend most of his time in Washington. His particular task will be to introduce into shipbuilding the multiple production methods he has used with such marked success in producing automobiles. He will give especial attention to organizing the manufacture of ship parts. Already Mr. Ford has begun to turn over to the government the facilities of his plant at Detroit to the manufacture of war materials. His factory is now making 2,500 airplane cylinders, is turning out a large number of parts for liberty motor trucks and soon will be to making equipment for merchant ships. The fleet corporation is undergoing a complete re-organization with widely known business men in charge of its chief departments. Other assistants to Mr. Piez are gradually taking over the work heretofore done by naval officers under Rear-Admiral Capps, who still serving as general manager of the corporation is limiting his activities to technical matters.

300 CARS PERISHABLE FOOD IS HELD UP

BERNE, Switzerland, Nov. 16.—The closing of the Italy-Swiss frontier, which has been in effect since the beginning of the Austro-German offensive against Italy has held up three hundred carloads of food for Switzerland much of which is perishable according to the Neue Zurich- or Zeitung. The newspaper advocates a new arrangement to permit freight to cross the frontier even when passenger and mail traffic and telegraphic communication have been stopped.

I. W. W. MEMBERS UNDER MILITARY.

Tacoma, Wn., Nov. 16.—Fourteen alleged members of the I. W. W. were under military guard today at Camp Lewis, American Lake, Wn., having been arrested by the authorities and accused of having seditious literature while employed on the government reservation by a construction company.

FIND BOMB ON FLOOR OF AUDITORIUM THEATRE

Near Panic Follows Burst of
Flames in Chicago Play House

Prompt Action of Director Campanini
Stills Panic of Spectators—Bomb
Found Near Close of First Act—
One Third of Audience Leaves
Seats.

Chicago, Nov. 16.—A bomb made of gas pipe and powder was picked up tonight on the main floor of the Auditorium Theatre where the Opera "Din Orah" was being sung. An inexplicable burst of flames was stilled by prompt action of Director Campanini who had the orchestra play The Star Spangled Banner.

The bomb was found by firemen seeking the cause of the flame. It consisted of a foot of gas pipe filled with powder and a fuse attached. The firemen finally concluded that the flames which caused the first fright had been connected in some way with the bomb, which emitted noxious odors. It was found near the close of the first act while Galli Curi was singing a Breton folk song. Nearly one third of the audience left their seats.

Galli Curi led in the singing of the national anthem, the audience joining until calm was restored. Most of the uneasiness was felt by those on the first floor. The patrons of the boxes were too far away to be included in the rush to the doors but the excitement spread to the stage and it was some time before order was established.

A woman who was sitting near where the bomb was found said she remembered stumbling against some object as she passed to her chair.

Officials of the city fire department opened the bomb and tested the powder it contained. They declared it probably was not sufficiently highly explosive to injure the building seriously but that it would have injured persons nearby when it exploded and would have caused a serious panic. It was the theory that the bomb had been lighted and that possibly some few grains of powder had dropped from the fuse and ignited causing the original flame that first attracted attention in the building.

Whether the bomb was intended as a protest against grand opera, rich gowns and jewels of theater goers and high salary of singers during war times or whether it was a demonstration of an enemy alien caused much speculation. Two women who occupied seats near the spot where the blaze flared up told Hinton Claiborn of the federal department of justice that three men of marked Teutonic appearance had sat near them and had left soon after the Auditorium was darkened. An effort is being made to learn to whom the seats were sold.

U. S. WOMAN SAVES BRITISH DESPATCHES

LONDON, Nov. 16.—The story of how an American woman's action saved important British despatches when the vessel on which they were being carried to Malta was held up by an Austrian submarine was told today by Captain Stanley Wilson, who was carrying the despatches and who himself was taken prisoner by the Austrians and only recently released.

Captain Wilson told the military court which is investigating his capture but that he threw one bag overboard but that to his horror it did not sink as he supposed it would. At this juncture he was approached by an American woman traveling on the steamer who offered to take charge of the other bags saying she wished to do something for England. "It was a great responsibility," said Captain Wilson, "but I took it and my action was justified as the bags reached London."

The bags were hidden by the American woman until the Austrians had concluded their search of the steamer.

ILLINOIS BANKER COMMITTS SUICIDE

ROCKFORD, Ill., Nov. 16.—Bryant Barber, 65, a banker of Polo, Ill., committed suicide today by jumping off a trestle bridge over the Rock River at Grand Detour, a village near here.

Mr. Barber was driving in his automobile and when he reached the bridge got out, telling the chauffeur to go ahead. After driving fifty yards the chauffeur looked back just in time to see Mr. Barber jump from the bridge.

CHAIRMAN OF BRITISH AIR BOARD RESIGNS

LONDON, Nov. 16.—Viscount Cowdray, chairman of the British air board, has resigned as a consequence of Lord Northcliffe's letter to Premier Lloyd George.

Baron Cowdray was appointed as chairman of the British air board January 2 of this year in succession to Baron Sydenham. Baron Cowdray accepted the post on the condition that he receive no salary.

BOWLING TOURNAMENT OPENS.

Des Moines, Ia., Nov. 16.—The mid-west bowling tournament opened here tonight with only local teams rolling. None of the scores were high enough to figure in the later standings.

POPE'S RELATIVES FEAR AUSTRIANS.

Rome, Nov. 16.—Pope Benedict's mother and sister who were at Treviso, have gone to Bologna because of fear of the Austro-German invasion.

GRADUATE NURSES ELECT OFFICERS

ROCKFORD, Ill., Nov. 16.—The Illinois Association of Graduate Nurses today elected the following officers:

President, Miss Elizabeth Wright, Rockford; Vice president, Miss Sadie Place and Miss Mabel Christy, Chicago; secretary, Miss Lucy Last, Chicago; treasurer, Mrs. O. H. Dodge Moline.

Round table talks occupied the morning session today. Nearly three hundred nurses visited Camp Grant this afternoon.

MEXICAN SOLDIERS FIRE ON AMERICAN HUNTERS

El Paso City Fireman is Shot
Thru Both Legs

J. M. Harris, Another Member of
Party of El Paso Citizens, Asserts
40 Shots were fired at Him But He
Escaped Injury.

El Paso, Texas, Nov. 16.—A party of ten Americans including a number of El Paso city firemen was fired on today by armed Mexicans while hunting on an island in the Rio Grande river near Fabens, Texas, thirty five miles southeast of here. Jeff Glavis, captain of fire station No. 5, El Paso, was shot thru both legs.

J. M. Harris, an El Paso lawyer, said about 40 shots were fired at him. He was not wounded. He said the Mexicans appeared to be soldiers and wore red arm bands.

Harris said the Americans did not return the fire. They rescued Glavis from where he was laying wounded in the water. In the fighting Jesse Manigold, one of the party was overpowered and robbed of money and part of his clothing, it was said.

The party managed to make its way to a cavalry patrol camp and the soldiers made a rush for the islands and the Mexicans dispersed into Mexico, firing as they ran. The island is American territory. Glavis was brought to Fort Bliss base hospital.

Villa Leaves Ojinaga.

El Paso, Texas, Nov. 16.—The Mexican consular general here was advised late today of the departure from Ojinaga of Francisco Villa with upward of 1,000 men, leaving Portillo Orellana with 400 to 500 men at the captured border port and riding away in the direction of La Mula Pass on the road to Chihuahua City. Reports from the latter place indicate that the populace is in a panic fearing attack by the bandits.

General Francisco Murguia, commander of the government forces in Northern Mexico left Chihuahua a week ago with the major portion of the garrison and is reported to be in the vicinity of Saltillo, Coahuila. Villa followers operating south of Chihuahua have cut the railroad and are reported entrenched along the line and prepared to resist any attempt by Murguia to return north. General Eduardo Hernandez, temporarily in command of Chihuahua has less than 1,500 men; General Carlos Murguia at Juarez, has less than 500.

NEW RECORD MADE BY RALPH DE PALMA

NEW YORK, Nov. 16.—Driving an automobile equipped with a liberty motor Ralph DePalma established a world's record for six hours at the Sheepshead Bay speedway today when he covered 633.12 miles.

The best previous mark was 566 miles made at Brooklands, England, Oct. 1, 1913, by Dario Resta, Jean Chassagne and Lee K. Guinness, driving alternately. DePalma's effort was sanctioned by the A. A. A. He covered 112.96 miles in the first hour, as compared with 107.9 when the former record was established; 224.91 at the end of the second hour compared with 195.1; 329.56 at the end of the third, as compared with 289; 440.56 at the end of the fourth, compared with 380; 535.72 at the end of the fifth, as compared with 472.

In the third hour DePalma had some tire trouble which brought down his speed and at the end of the fifth hour when he was 65 miles ahead of the previous record he made a brief stop for gasoline and oil.

MAKE PLEA FOR CLOSER CO-OPERATION

BUFFALO, N. Y., Nov. 16.—A plea from the farm for closer co-operation with other branches of the nation's industries to the end that victory over autocracy might be sooner achieved and reports from two great labor organizations in the British empire stating that union labor there still faces the enemy determined and confident of victory, brought enthusiastic cheers from the delegates attending today's session of the 37th annual convention of the American Federation of Labor. It was another day devoted entirely to oratory but the delegates appeared willing to defer the heavy work of the convention to go on with the speechmaking.

The farmers were represented by A. C. Townley, president of the Farmers' Non-Partisan League and L. Vastray, second vice president of the Farmers' Congress.

PATRIOTISM GETS THE BETTER OF A CATION.

Peoria, Nov. 16.—Patriotism got the better of education here this morning when Thomas R. Davis, teacher of the little school at White Hall, Ill., arrived here with only two boys in his school who were eligible for service and all three enlisted in the army. The boys are Harry Noonan and Herman Schlotter.

THREE LOYAL AUSTRIANS SLAIN IN THEIR HOME

Pro-German Sympathizers Believed Responsible for Murders

Minnesota Residents Lose Lives Because They Subscribed to Liberty Bonds and Aided Red Cross in Theory of Police Officials.

Virginia, Minn., Nov. 16.—Working on a theory that sympathizers with the Central Powers in the great world war are responsible for the triple axe slaying in the "six hundred" block here early today, county officials tonight left Duluth for this city to take charge of the investigation. Several suspects have been arrested. The victims, all killed in their beds in a small two story frame house in Fourteenth street north side, were:

Paul Alar, miner, working at the Alpena mine.

Mrs. Paul Alar, his wife.

Peter Trephich, an elderly employee of the mine.

All were Austrians and have lived here several years. Trephich boarded with the Alars. It has been learned that the slayer came in at the back door.

The three probably were murdered, police think, because they had subscribed to Liberty Bonds and aided the Red Cross, being slain, authorities believe by fellow countrymen, friendly to the confidential powers. As \$60 was found in the Alar bed, police discredit robbery as the motive of the crime. On a table in the kitchen was found a note written in Austrian which translated freely read:

"This is what you get for being against the kaiser. You have donated to the red cross and you have said the kaiser could go to hell. Don't look for us, for anyone who does will get the same dose."

Red cross and liberty purchase signs have disappeared from Austrian home windows since the murders.

The axe with which the victims were slain was found in the room where Alar and his wife were. Mrs. Alar lay across the bed with her head crushed. Her husband lay half way in bed, his head resting on the floor. Trephich was in bed in another room not so badly cut but his skull was crushed.

Deputy Sheriff Witte, Chief of Police Gately and all available police and deputy sheriffs are working on the case. Assistant county attorney Funkley, Chief of Police McKercher and Judge Cutting are on the way here. Deputy Coroner Dr. Crowe who has taken charge of the bodies will conduct an inquest tomorrow.

THEDA BARA GIVEN LEGAL RIGHT TO NAME

NEW YORK, Nov. 16.—Theodessa Goodman who petitioned the court as an actress "who has become celebrated thru her own efforts," was given the legal right today to use the name Theda Bara on and off the stage. The change of name was general in the family of the famous motion picture "Vampire," two sisters and a brother also became Baras instead of Goodmans.

The petition stated that Miss Bara was "over 21 years of age" and that she was born in Cincinnati. Her father is a native of Chosel, Poland, while her mother was born in LaChaux de Fouds, Switzerland.

There is no telling where the
Kaiser may strike, so the Japs are
awake to the danger, and is mobiliz-
ing her army.

It is claimed that Food Adminis-
trator Hoover himself has never
drawn one cent of salary, but has,
instead, repeatedly dug down into
his own pocket to pay food adminis-
tration bills.

"Guard every place where food is
stored," is a warning the State is
sending broadcast. Two departments—
the State Council of Defense and the
Department of Trade and Com-
merce—have joined in calling upon
every institution and every individual
to keep special watch to prevent
fires, whether incendiary or other-
wise, that might destroy food or war
materials.

There is genuine zest in the ser-
vice our people give to patriotic
causes. A majority of people who
can give generously and pleasantly.
But even patriotism cannot separate
a rich tightwad from his money.
We are said to have one notable ex-
ample of the latter variety in this
city. Neither Red Cross, Army Y.,
nor local charities appeal to him. If
he gives up at all it is so slyly that
his right hand sure feels his left.

LET YOUR PROOF BE CERTAIN.

The Knoxville Journal says that
one of the tendencies of war time
is for some inflated egotists to get
the idea that they have a monopoly
of all loyalty and patriotism in the
community. The prudent man and
the good patriot will be slow to ac-
cuse his neighbor of disloyalty or
lack of patriotism. There are too
many baseless rumors afloat in such
times anyway. Disloyalty is a pretty
serious crime and should be punish-
ed to the limit. Be sure, however,
that proof is certain before you at-
tempt to boycott a man or men be-
cause of alleged disloyal utterances.

FIGURE IT OUT.
The immense aggregate value of
small food economies was forcibly
illustrated by Mrs. William Severin
in an address before a Women's club.
"If in each home in the United
States there is saved one ounce of
meat a day, in one year we save
465,000,000 pounds. One slice of
bread saved daily saves 365,000,000
loaves annually. One pat of butter
less a day means 114,000,000 pounds
a year saved. A half cup of milk
less per day saves 912,000,000
quarts of milk, or the product of
400,000 cows."

AMBUSH VS. CAMOUFLAGE.
"Ambushed" is a word that is
new to the world war. It was in-
troduced by the American troops and
will be studied in vain by the Boche,
for it will have quite a bit to do
with their final downfall. It is
strictly an American tactic of war,
and was in practice when Columbus
came this way—and long before—
by the American Indians. "Camou-
flage" is as near as the European
ever got to "ambush," and it is
nothing like ambush. "Camouflage"
fools a few individuals, but some of
these days an army of the Kaiser
may find itself ambushed—and a
successful ambush was ever a deadly
thing.

GERMAN SYMPATHIZERS.
All the attempts by pacifists and
German sympathizers in the United
States to retard the preparations for
war and its conduct will not change
the result nor prevent the defeat of
the Teutonic powers. But they will
prolong the war and cause a greater
sacrifice of American lives. All the
efforts of these unbalanced minds,
looking at the situation from the
wrong point of view, can only retard
the peace for which they assume they
are working. Peace will come when
the Allies are assured that its per-
manency has been established and
not before. It would be useless to
accept a peace now, with the cer-
tainty that in a few years more the
same struggle between the Huns and
the Anglo-Saxons and Celts would
have to be fought over again. Is
it for a future war that these pacif-
ists are working, scared out of their
wits at the present one?

"GRAND AND GLORIOUS."

The Army Y. M. C. A. campaign
in this city is very successful, and
there will be many that in their
own homes may read of the raid on
the German trench. You glory in
the bravery of those boys who forced
back the enemy from trench to
trench. Then you read that they
returned to their pleasure and recrea-
tion in the Army Y. tent. You
remember the dollar or two dollars
or several dollars that you gave to
that fund. And you settle back with
a happy sigh, born of a worthy duty.

well done; you breathe with Briggs:
"Tis a grand and glorious feeling!"
If your name is not on the list of
contributors there is yet time. Call
at headquarters today and "get in
the game."

Rippling Rhymes

Free Speech.
Free speech is certainly a bless-
ing! Without it life would be dis-
tressing. It is a boon we long have
cherished; for it our well known
fathers perished. It is the rock on
which this nation was built, to all
men's admiration. While I am priv-
ileged to chatter, I'm gay, no odds
what is the matter. While I can
roast our statute, makers and call
them mutts and boobies and fakers,
I'll stand for all the laws they're
passing; my safety valve is harmless
sassing. Free speech, sweet boom!
We must not lose it, and therefore
never should abuse it. Some gents,
who wish to awe or dazzle, are work-
ing free speech to a frazzle; they
hand out sentiments exotic, they're
saying things unpatriotic; they're
telling like so many yeomen to dish
up comfort to the foe-men. These
skates, to whom tact is a stranger,
will put our free speech graft in
danger. Because of guys who've no
discretion, no common sense in their
possession, I may be plucked when
I'm unreeeling a mill and harmless
line of spiling. So I maintain we
should be stopping all venomous
and rancid yawping.

**FRANKLIN HIGH SCHOOL
PUPILS PRESENT PROGRAM**

Large Audience Heard Program of
Merit Friday Evening—Proceeds
will go Toward Purchasing Victrola
for School.

Franklin, Nov. 16.—Pupils of
Franklin high school gave a pleasing
program of sketches and songs Fri-
day evening before a large and ap-
preciative audience.
The entertainment was for the
purpose of raising money for the pur-
chase of a Victrola for the school.
Each lady was expected to bring a
pie and many were secured. These
were auctioned off by F. H. Seymour.
The plan was to auction the lady
with the pie. The lady stood be-
hind a screen holding the pie which
showed her in silhouette. One pie
brought \$5 and it is thought that
enough money was secured thru this
one entertainment to pay for the
Victrola. The program follows:
Song, America—Audience.
Sketch, "The Sham Doctor"—Six
high school boys.
Vocal Solo—Dorothy Scott.
Selections from James Whitcomb
Riley—Dorothy Featherstone.
Quartet—Anchored—Dorothy
Scott, Blanch Hay, Aileen Sustin,

Zoob Quartet—Blanch Hay, Aileen
Austin, Dorothy Scott, Pauline Olin-
ger, Anna Wright.
Sketch, "The First Class Hotel"—

**WILL OBSERVE GOLDEN
WEDDING ANNIVERSARY**

Mr. and Mrs. Robert R. Stevenson
will observe the 50th anniversary of
their wedding next Wednesday eve-
ning, November 28, at their home,
123 Prospect street. Cards have
been issued for a reception on that
evening. Mr. and Mrs. Stevenson
are long time residents of this com-
munity and are equally well known
in Cass county and people from both
counties will be among the guests.

A WORTHY VETERAN

Richard Cox of Waverly was in
the city yesterday. He was a mem-
ber of company G, 101 Illinois in-
fantry in the Civil War and while he
is seventy-two years of age he is
 hale and hearty and firmly declares
that he will fight the Kaiser if he
is needed. His patriotism should be
emulated.

**LAYING BLOCKS IN
BUSINESS DISTRICTS**

**Fine Weather Makes It Possible to
Push Paving Work—Prairie Street
Nearly Finished.**

Business men are mightily pleased
to see a goodly force of workers
under Contractor Bretz laying creosot-
ed blocks on West Court street
and North West street. The blocks
will all be in place on these two
streets before tonight and the filler
application will probably be put on
Monday. The work of laying the
blocks on North Sandy street will
proceed at once and the same is true
on the other streets adjacent to the
square, where the pavements have
been taken up and material is on
hand for the foundations.

Improving Corners.
The board of local improvements
took up the matter of laying creosot-
ed blocks at the northwest corner of
the square in order to join up the
Court street and Sandy street pave-
ments. Henry Frisch, manager of
Myers Bros., interested a number of
other property holders in the project
and they will do something toward
the expense of this part of the im-
provement. A change in the water
inlets and roundings, the pavement
corners on these streets which con-
nect with the square will be a vast
aid to traffic. The improvement
board and Engineer Henderson in
planning these changes certainly had
an eye to public convenience.

The Standard Paving Co. workers
certainly move rapidly when it comes
to putting down asphalt. The lower
course on Prairie street has been
laid from Edgmon to West Lafayette
avenue and the upper course now
stretches the greater part of the dis-
tance from Edgmon to West State
street. As soon as Prairie street is
finished the asphalt will be spread
on Mound avenue and then the scene
of operations will be transferred to
West State street.

No Delay on West State.
So as to be certain that the street
car company's part of the paving
work does not delay the remainder
Contractor Bretz yesterday had men
begin laying brick on the outside of
the rail. This will put the street car
company's part of the work in shape
so that the Standard Paving Co. can
connect the asphalt with the brick.
This can be done whether or not the
paving between the rails has been
completed. If necessary, that can
be delayed until after the asphalt is
all laid and still there will be no in-
convenience to the public. Weather
conditions are remarkably favorable
for this public improvement work
and everything now indicates that
notwithstanding forebodings of in-
convenience the streets will be us-
able for traffic before winter weath-
er begins.

DEATHS

Quinn
The death of Mrs. Sarah Quinn of
Woodson precinct, occurred at Our
Savior's hospital Friday morning at
4:30 o'clock. Deceased was fifty
seven years of age at the time of
her death and had spent her entire
life in Morgan county. Her maiden
name was Sarah McCabe and she
was the daughter of Mr. and Mrs.
James McCabe, who for many years
lived near Manchester. Thirty four
years ago she was married to Mi-
chael Quinn, who together with five
sons and one daughter, survive. The
children are John W., Thomas J.,
Fred L., James C., and Edward
F. Quinn and Miss Anna Marie
Quinn.

The remains were removed to the
undertaking establishment of J. H.
O'Donnell, and will be taken to the
family home this afternoon. Funer-
al services will be held Sunday morn-
ing at 10 o'clock at the Winchester
Catholic church.

AT NICHOLS PARK

The central park pavilion is again
put into shape and arrangements
are being made for its conversion in-
to a first class home for the monkeys.
The little creatures eye it curiously
from their home near by and will be
much at sea when first transported
to it.

A wiener roaster has been con-
structed of a permanent character
with brick laid in cement, iron bars
and all things to do the work in first
class shape so that parties may pre-
pare their lunches on it all right and
have a good time. It is located just
south of deer park and will be con-
venient to all who want to use it.

Now that the lake is about dry the
matter of a swimming beach is un-
der discussion. The beach will be
located just west of the bridge and
if the plans of the board are carried
out there will be a fine opportunity
for bathing and swimming when all
is done. The plan in general is to
grade back from the edge and go as
far into the lake as possible with
water shallow enough for those un-
able to swim, and then along the
dividing line from shallow and deep
water. The bottom is to be made
solid with brick and sand and with
the use of the retaining wall it is
hoped to keep it that way.

Social Events

Friday Social Circle.
The Friday Social Circle met with
Mrs. John W. Clary of West North
street Friday afternoon. There was
a good attendance of members and
the afternoon was spent in doing
Red Cross work.

Entertained Church Choir.
Mr. and Mrs. Henry V. Stearns en-
tertained the members of the choir
and music committee of Grace
church at their home on West Col-
lege Avenue Friday evening. After
choir rehearsal the evening was spent
most pleasantly in a social way. Re-
freshments were served.

Celebrated 25th Wedding Anniversary.
Mr. and Mrs. Joseph Shreve enter-
tained a number of friends at their
home on South Main street Friday
evening at a six o'clock dinner in
honor of their twenty-fifth wedding
anniversary.

**Parent-Teacher Meeting
Of First Ward.**

The Parent Teacher association of
the First ward met at Jefferson
school Friday afternoon. There was
a large attendance nearly 100 be-
ing present. Miss Clara Cobb pre-
sided and Mrs. George W. Imgrund
acted as secretary. Mrs. William Day
was elected president of the associa-
tion. The association voted to do-
nate \$5 to the Army Y. M. C. A.
fund. Following the program a so-
cial hour was enjoyed and refresh-
ments were served. Mrs. A. L.
Adams spoke on Red Cross seals.
Mrs. W. D. Roberts gave a report
on the recent mother's congress. Mrs.
Ben Linton also addressed the as-
sociation on current topics. Miss
Lydia Hunt gave a reading and a
vocal number was given by Miss
Hazel Houser and Miss Beatrice Dye.

Entertained at State Hospital.

Women nurses of Jacksonville
State hospital entertained a large
number of women from the city in
amusement hall Thursday night. The
guests were met by a reception com-
mittee at the door and on each was
pinned a slip of paper giving her
name and this served as a means
of introduction. Pastors of the
churches had been invited and
among those present were Rev. A.
A. Todd, Rev. M. L. Pontius, Rev.
W. W. Theobald and Rev. F. B. Mad-
den. The receiving party included
Dr. and Mrs. E. L. Hill. Excellent
refreshments were served and a pro-
gram of games and music proved in-
teresting and very timely remarks
were made by Rev. Mr. Pontius. The
evening was planned by Miss Ara
Vaught and was successful in every
way.

SHIPS, PAST AND PRESENT

When one speaks about this pro-
gressive age and speaks with slight-
ing scorn of our ancestors, he is apt
to get a shock when he delves into
past history. Time and time again
have the papers and speakers of
this age spoken of the difference in
tonnage between the colossal ships of
the present day and the little car-
avals and what were virtually boats
that Columbus and Drake used, and
then turning to the old, old book
one finds that the ark as laid out by
Father Noah embraced the same
proportions that our best builders of
ships lay down today, for it was 450
feet long, 75 in breadth and 45 in
depth, which are practically the di-
mensions of our ocean liners. His-
tory makes mention of Greek and
Roman vessels that were upward of
500 feet in length, but were really
little more than barges. But prominently
built a sea-going vessel of 420 feet
length, propelled, as were all an-
cient vessels, by oars, there being
500 rowers in five banks, the top-
most oar being 57 feet in length.
These long oars were of course
weighted on the in-board or handle
end, and suspended so as to be
easily moved by one man.
The fame of the Taalengus still
lives; it measured 350 feet in length,
40 in beam and 60 in depth, and was
said to be the most beautiful craft
in antiquity, and used exclusively by
the emperor. Its cabins were hung
with costly silks and decorated with
rare statues, paintings and other
conveniences being installed. Consider-
ing the fact they had to work with
these ancient shipbuilders did well.
After the decline of the Roman
empire there were no big vessels
built for more than 1,000 years. In
reading and studying of these and
similar things, one is tempted to ex-
claim with Solomon that "There is
nothing new under the sun."

Oh dearie me, and did you see our
Johnny's gentle rhyming. I didn't
know I had to go and ask his kind
permission to write or speak, with-
out his beak so long and smooth and
shining thrust in between, as can be
seen for trouble he is fishin'. In
service bold, so I am told, he makes
his daily living, is never rash, in
handling cash and for it papers giv-
ing. And as one hears the many
years his country he's been serving,
it seems a shame, if he's so game
that we've not been observing his
name in print, or that by dint of
trained and sturdy muscles, he's
gleaned the yen from other men,
without some manly tussels. Go to
it John the game is on, we both will
have our inning; this country's free,
at least for me and that is why I'm
grinning. When Johnny Kearns so
brilliantly burns his literary candle,
and loudly crows, he only knows
the crisis how to handle. Not to be
mean, but I haven't seen his name
as a cheerful giver, so one might say,
it was one way of showing a white
liver. Did he give much to beat the
Dutch or help the red triangle?
Care for the boys amid the noise of
bursting shells that mangle. Yes,
I've "kicked in" some of the tin, that
since coming here I gotten for doing
work I did not shirk to write my
verses rotten. Your bluff is called, if
you have stalled on giving up some
dollars and the one that's free,
twixt you and me is not the one who
hollers, but stands there pat where
he is at the game is always boosting,
while the little squirt, who's throw-
ing dirt in his snug arm chair is
roosting.

MEN SPLENDIDLY CARED FOR

Illinois Troops Enjoying Military Life in Cantonments—Absorbing Increased Wages of Miners—Restoring New Salem—Boys for the Farm Work.

Springfield, Ill., Nov. 16.—Illinois troops at army cantonments are provided with everything necessary for their welfare and happiness, according to Frank S. Dickson, adjutant general of Illinois who visited the camps in company with Governor Lowden and other state officials.

"The men have plenty of good, wholesome food and they are splendidly taken care of physically and morally," General Dickson said. "So far as my observation went the boys were much interested in what they were doing and seemed really to enjoy military life."

The adjutant general said a marked improvement was apparent in the physical condition of many men known to him before the mobilization of the national army.

"I knew boys here in Springfield who were stoop-shouldered and emaciated for lack of proper exercise and care before entering the army," he said. "I saw some of those fellows at Camp Logan in Texas and scarcely recognized them because of the difference in their appearance. Down there they have become square shouldered, straight, up-standing men with an abundance of vitality. The army training has re-made them."

General Dickson told of the Soldiers' club at Louisville, Ky., supported by the people of the city for the enlisted men of Camp Zachary Taylor where many Illinois men are in training. Three floors of a big building in the downtown district he stated, are reserved for the soldiers as a recreation center. Officers are not allowed to frequent the club because of the spirit of restraint that they might exercise on the enlisted men.

No women are allowed in the club rooms, except the mothers or sisters or wives of the men, General Dickson said.

Reading rooms, shower baths, billiard tables and card rooms are provided and a cafeteria is at hand where good food is served at cost. No expense is attached except at the cafeteria.

General Dickson and Governor Lowden visited Camp Grant, Rockford, Ill., Camp Lodge, Los Moines, Ill., Camp Zachary Taylor, Louisville, Ky., and Camp Logan, Houston, Texas.

Absorbing increased wages. War upon merchants in mining centers of the state who are said to have increased prices of food stuffs and other commodities to keep pace with advances in wages to Illinois miners, has been declared by Frank Farrington, president of the Illinois miners' organization. Circulars have been sent through the state and a copy has been forwarded to Food Administrator Hoover. This action by President Farrington was authorized by the Illinois executive board of the United Mine Workers of America.

After charging merchants with increasing prices to such an extent that advances in miners' wages were "more than absorbed," President Farrington makes an appeal to miners as follows: "We therefore, urge upon you the immediate necessity of taking such action as will effectually curb the activity of the unscrupulous merchants and speculators who place self-interest and private gain above the public weal."

Fish Shipped. More than 2,000,000 fish, seined in Illinois rivers, were shipped out of the state in September, according to Ralph F. Bradford, superintendent of the division of game and fish, department of agriculture.

Centennial Exercises. The legislative centennial committee, named by the general assembly to co-operate in arranging for the celebration in 1918 will meet with commissioners and others who will come to Springfield, December 3, to make preliminary plans for the centennial exercises. The date will mark the entrance of the state upon its one hundredth year of statehood.

Restoring New Salem. Restoration of the village of New Salem in Menard county, where Lincoln read law, kept store and courted Ann Rutledge, may be undertaken by the Lincoln league of Petersburg as a part of the Illinois centennial celebration. It was announced here today at the headquarters of the centennial commission.

Plans and funds for the project are not yet ready, but G. E. Nelson, president of the Lincoln league, believes the undertaking will be put thru.

Plans and question of the village. Sites of principal buildings have been located, and a survey has been made of the roads running thru the village. The structures include the O'Fall store, kept by Lincoln; the Rutledge tavern where Lincoln lived five years and where he fell in love with the daughter of the tavern keeper; the Lincoln and Berry store in which Lincoln owned a half interest; the Cameron mill on the river bank; the blacksmith shop and the Herndon store.

Difficulty in ascertaining how the buildings looked will be partly overcome by reminiscences of old residents and particularly by a perspective prepared ten years ago by R. J. Onstott who was familiar with the surroundings.

If the plan is carried out, actors dressed in the garb of Lincoln's time will pass thru the old village streets to add to the realism. It is planned to have an old fashioned barbecue and a program of athletic sports such as those in which Lincoln excelled.

The New Salem site is now private property but the owner has volunteered to turn it over to the state at any time Illinois is willing to convert it into a state park. It is said.

Fish Preserves. Until the Illinois supreme court has held the state fish preserve law unconstitutional, violators of the statute will be prosecuted, despite a ruling by a county judge in Mason county recently that the law was invalid, according to Attorney General Brundage.

The trial judge held that the law was unconstitutional on the ground that Section 25, giving the state game commissioner the right to permit seining of rough fish, is class legislation.

Boys for Farm Work. Plans are under way here for enlisting 25,000 town and city boys between the ages of 16 and 21 next spring for farm work to take care of the harvest next year. The move resulted from a meeting in Chicago recently at which Charles Adkins of Bement, director of agriculture, and H. E. Young, secretary of the Farmers' institute, were present.

The project includes a plan to place the boys unfamiliar with agricultural work in training camps for two weeks schooling in farm work and harvesting before finding jobs for them on farms.

HIGH SCHOOL PUPILS GAVE LUNCHEON.

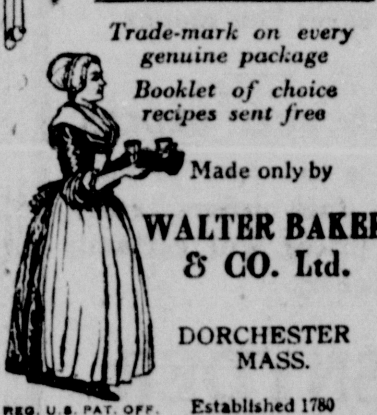

Members of the senior class in domestic science at the high school gave the third in a series of luncheons Friday noon. Proof was given that even in the time of high cost for materials an excellent menu can be provided for less than 25c per person. Cream of tomato soup, sweet potatoes, baked ham, apple sauce, celery, corn bread, pumpkin pie with whipped cream and coffee made up the excellent bill of fare. The hostesses yesterday were Misses Eva Sewart and Rose Henderson, assisted by Misses Dickey and Harriet Dunlap, Helen Hettick and Martha Priest.

J. L. Kennett and wife of the vicinity of Prentice made a shopping trip to the city yesterday.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

National War Work Council An-
nounces Grand Total of Subscrip-
tions in Great War Fund is \$26,-
386.58.

New York, Nov. 16.—With two
week days remaining in the \$35,000,-
000 war fund drive of the Young
Men's Christian Association, it was
announced from the headquarters of
the National War Work Council
that the grand total of subscriptions
raised through the United States to-
talled tonight \$26,386,588. After
the students of the state college of
Iowa has subscribed \$2,400 the

members of the faculty voted to give
six days' pay each to the fund.

The eastern department passed its
rival and now stands first with a
total of \$11,206,889 against \$9,-

The other departments reported
as follows:
Northeastern, Boston, \$2,913,885
Western San Francisco, 948,400
Southwestern, Dallas, 806,000
Southeastern, Atlanta, 529,048
A message was received today
from the members of the war work
council who were sent to France to
report on the needs of the American
soldiers under General Pershing.

They cabled:
"This winter is bound to be a
critical time for the thousands of
splendid young Americans. For their
sake and in their name, we shall
call for volunteers and money to
provide them with the help and com-
forts they so richly deserve."

Central Department Figures.
Chicago, Nov. 16.—Y. M. C. A.
subscriptions to the Y. M. C. A. fund
from the fifteen states composing the
central department climbed to \$12,-
300,982 tonight from \$9,975,814 the
24 hours before. Illinois had taken
the lead from Ohio with a total of
\$3,209,873. Ohio was next with
\$2,758,345 and Missouri was third
with \$1,573,572.

Others were: Colorado, \$265,000;

SOME DAMAGED CORN

H. D. Crum Is In a Dilemma Re-
garding the Management of His
Crop.

In response to a request by the
Journal for information regarding
damaged corn, H. D. Crum of the
vicinity of Ditterberry kindly
brought to the Journal office yester-
day several ears of fine corn and
told his experience with the crop.

The corn is a good sample of
Reid's Yellow Dent, was planted the
middle of May and had plenty of
time in which to mature under
ordinary circumstances. Mr. Crum
has a number of cribs, one a slat
structure, twelve by sixteen feet and
into this he piled corn to a depth of
some three feet. Into a rail pen he
had thirty bushel put and various
amounts into one or two others and
his experience has been anything but
satisfactory. Yesterday afternoon he
dug down to the bottom of the pile
in the first named crib and took out
a number of ears and while not
badly spoiled they showed unmistak-
able signs of mold, some of the
large end of the cob and all more or
less on the surface of the ears.

Mr. Crum says he is at a loss to
know just what to do. The thirty
bushels pile is in just as bad condi-
tion as that in the pen with three
feet of grain.

He will go slowly on husking more
and will probably have to throw
out what has been put into the cribs
though regarding the course to
pursue he is not fully decided.

PASSENGER CRASHES HEAD-ON INTO FREIGHT

Sioux City, Ia. Nov. 16.—West-
bound Milwaukee railway passenger
train No. 102 crashed head-on into
a freight at North Riverside, a sub-
urb of Sioux City tonight, killing
Clarence S. Harrington of Sioux
City, engineer of the freight train
and slightly injuring his fireman,
Edward Levin of Vermillion, S. D.
The freight crew was switching cars
and had just coupled the engine
when the passenger train rounded a
curve and crashed into the freight.
Aside from a severe shaking passen-
gers did not suffer. The cause of
the accident is not known.

WORK SUSPENDED

Work on the new school house in
the town of Alexander has been
suspended owing to the inability of
the contractor to get tile for the
building. These ornamental articles
are not made very generally and
have to be brought some distance and
the freight congestion makes their
shipment slow and the bricklayers
are loafing in consequence.

FURLOUGH EXTENDED

Lloyd Spires of North Pine street
who is home from Camp Taylor on a
ten day sick leave received a wire
Friday of an extension of 5 days.
He also got word that the boys were
getting along finely.

yesterday.

MR. MUNGER HEARD IN RECITAL PROGRAM

Program Splendidly Given Included
Only Compositions From Chopin.

The large audience which assem-
bled at Northminster church Friday
night for the piano recital by Mr.
Edmund Munger of the Conservatory
of Music listened to a program of
rare excellence. Mr. Munger's recit-
als have come to be looked upon as
important musical events of each
year and the program as given Fri-
day night fully maintained the high
standard this musician set soon after
coming to Jacksonville.

The selections played called for a
wide range of ability and Mr. Mun-
ger met the exacting demands of the
varied program with an excellence
of technique and feeling that thoroly
delighted his auditors. The program
included only compositions of Chopin
and was presented as follows:

Sonata, op. 35, B flat minor.
Ballade, op. 38 F major.
Prelude, op. 28, A major.
Etude, op. 10, C sharp minor.

SPORTS

CHICAGO, Nov. 16.—Northwest-
ern University football team today
completed its preparation for the
Iowa game with a light signal prac-
tice. The game will be the first con-
ference game on the home grounds
this year.

KANSAS CITY, Nov. 16.—Football
in the Missouri Valley conference will
reach its height tomorrow and cham-
pionship honors will have been de-
cided definitely when the timekeep-
er ends the last period of the Kansas-
Nebraska game at Lawrence.

MINNEAPOLIS, Nov. 16.—After
light workouts today their battle
on Northrup field tomorrow the Min-
nesota and Chicago football teams at-
tended a "purity banquet" at a local
club tonight at which short addresses
touching on war time athletics were
made by coaches and trainers.

CHICAGO, Nov. 16.—Although
there will be no game this season be-
tween the football teams of the Uni-
versity of Chicago and the University
of Michigan, it was learned today
that Coaches A. A. Stagg of Chicago
and Fred Yost of Michigan are to
match their wits on December 1 on
Stagg Field.

Stagg has volunteered to direct the
training of the eleven at Camp Grant,
Rockford, Ill., for a week previous to
its contest with the soldier team from
Camp Custer, Battle Creek, Mich.,
in Chicago the Saturday after
Thanksgiving Day. Yost has offered
his services in the final preparation
of the team from Camp Custer.

COLUMBUS, O., Nov. 16.—Coach
Bob Zuppke and his strong Univer-
sity of Illinois football team arrived
here today for their game tomorrow
with Ohio State which will decide
the "Big Ten" 1917 football cham-
pionship. Neither team has suffer-
ed defeat this season. Ohio State,
last year's western conference cham-
pions will enter the game the favor-
ites. However, the Illinois team and
the few rooters who followed it to
Ohio are confident that by fighting
hard they can win the title contest.
"Illinois is going to fight and
fight hard," said Zuppke. "The odds
are against us, I know, but the team
is going to fight every inch of the
way. The team is in good physical
condition and has no excuse to offer
on that score."

CHICAGO, Nov. 16.—Consolida-
tion of the Western, Central and
Three I Leagues and the formation
of two or three substantial organi-
zations were suggested to M. H. Sex-
ton, president of the National associa-
tion of Minor Leagues on his re-
turn tonight from Louisville. A. R.
Tearney of Chicago, president of the
Three I League, is back of the move-
ment. Sexton will call a meeting of
the four league presidents in Chicago
next month to consider the proposal.

Edward G. Barrow of New York,
president of the International League
said tonight that if left to his decision
he would recommend suspension
of the league for at least a year when
the club owners meet in New York
on December 10. The organization,
he said, made no money last season
and with war conditions becoming
more serious the prospects for 1918
are anything but bright.

FRENCH REPULSE ATTACK

Paris, Nov. 16.—A German at-
tack in Belgium was repulsed last
night, by the French, the war office
announces. The statement follows:

In Belgium the Germans at-
tempted to capture one of our
outposts of support north of Veldhoek.
The attack was repulsed completely
and appreciable losses were inflicted
on the enemy.

"The night was calm elsewhere on
the front except on the right bank
of the Meuse (Verden front) where
heavy artillery firing continues.

"German aviators bombarded the
region south of Nancy. There were
no victims."

—Business Men to Give Turkey
Trot Nov. 27—Other Waverly
Notes.

Waverly, Ill., Nov. 16.—Word has
been received by relatives in this
city of the marriage of Miss Marie
Deatherage, daughter of Mr. and
Mrs. Charles Deatherage to Georg
Lansink which occurred Nov. 8 at
Odesboro, Iowa. Rev. Father Schaf-
ter performed the ceremony. Miss
Deatherage left Waverly in Septem-
ber to teach school at Ida Grove
the coming winter and the news
came as a great surprise to her
friends. After a short wedding trip
they will reside at Ida Grove, Ia.

A turkey trot will be held in
Waverly Nov. 27 at which time the
business men of Waverly will give
away a number of turkeys, which
will be turned loose in the business
district, the turkeys to belong to
those fortunate enough to catch one.

Miss Besse Bradford and Miss
Marie Vicker entertained about twen-
ty guests at a chili supper Wednes-
day evening at the studio of Miss
Bradford. Among the guests was

their son Fred at Camp Taylor.

DECIDE ON WAR SAVINGS CAMPAIGN

Washington, Nov. 16.—A series
of state conventions to get the war
savings campaign underway was re-
sided upon here tonight at the final
meeting of the federal and state
directors who will have charge of
the campaign. The first convention
will be held in New York, New En-
gland and New Jersey, Nov. 26 and
others in different states will fol-
low between that time and the open-
ing of the campaign Dec. 2.

State publicity men and other of-
ficials will be named at the conven-
tions to help carry on the work.

The president Wilson received the
directors of the white house today
and impressed upon them the im-
portance of the work they are about
to begin. If a lesson in saving is
the country comes out of the war he
said, it will be worth the war's
cost in money and resources.

CENTRAL POWERS TO PROTECT WOMEN AND CHILDREN.

Rome, Thursday, Nov. 15.—Pope
Benedict has asked the governments
of the Central Empires to instruct
their military authorities operating
west of the Isonzo to follow the
rules of International Law in re-
specting the lives and property of
civilians and in the protection of wo-
men and children, the clergy, hospi-
tals, churches, Bishops Palaces and
Presbyteries.

STATEMENT FROM BERLIN.

Berlin, Nov. 16.—via London.—
The supplementary communication
issued by the general headquarters
tonight reads:

"There was a more intense firing
engagement near Dixmude. New at-
tacks brought us successes in the
mountains between the Brenta and
the Piave.

"In the east nothing of special
importance occurred."

WOMEN WORKERS MUST WEAR OVERALLS.

Lynn, Mass., Nov. 16.—General
Electric Company officials here, after
experimenting with various forms of
dress for women workers, has decid-
ed upon a kind of overalls as the
safest garb for women working near
machinery. The women must wear
these garments, designated as "khaki
bloomerettes" beginning next week.

KELLY TRIAL STARTS.

Red Oak, Ia., Nov. 16.—Records
of testimony of witnesses in the first
trial of Rev. Lyn George J. Kelly,
charged with murder in connection
with the Villisca ax slayings, may
be presented in the second trial now
in progress here, counsel agreed to-
day, instead of calling the witnesses
in person.

It is expected that this agreement
will materially shorten the trial, and
may place the case in the hands of
the jury next week, perhaps by Wed-
nesday or Thursday.

INTENSE ARTILLERY ACTIVITY.

ON BRITISH FRONT.

London, Nov. 16.—Intense artill-
ery activity on the British front in
France and Belgium occurred today,
according to the war office announce-
ment tonight. The communication
follows:

"There has been intense artillery
activity during today on both sides of
the battle front, particularly in the
neighborhood of Passchendaele. Our
patrols brought in a few prisoners.
On the remainder of the front there
is nothing of special interest to re-
port."

BIG FOOTBALL GAME AT VIRDEN SUNDAY

Taylorville Will Be Opponents of
Virden Tigers—Taylorville Has
Lost But One Game in Four Years

Taylorville, Nov. 16.—The foot-
ball game in Central Illinois for
this week attracting more attention
than any other, is that scheduled
for Sunday Nov. 18, between the
Taylorville independents 1917
Professional Champions of the
state and the Virden Tigers, to be
played in Virden.

The Taylorville team has been de-
feated but once in four seasons, and
has won all its games this year with-
out a score by any opponent. The
one team that beat them, the Moline
Indians when they went home in
1915 with the long end of a 14-2
score was sent last Thanksgiving
with the short end of a 20-0 count.

Virden has won every game this
year by a decisive score having a
team of all stars picked from all
the mining towns between Spring-
field and Stanton on the Illinois
Traction System. The best players of
the Old Auburn and Bend teams as
well as the pick of Virden's young
men were gathered together this
year to win the state championship
and they expect to eliminate Tay-
lorville as a contender for the honors
Sunday.

The Taylorville team plays the
Moline Indians again in Taylorville
on November 29, Thanksgiving this
year.

DWIGGINS WILL MAKE INVESTMENTS GOOD

MONTGOMERY, Ala., Nov. 16.—
Charged with using the mails to de-
fraud, Elmer Dwiggins, New York in-
surance man arrested here in con-
nection with sales of liberty bonds on
the installment plan, started back to
New York today in custody of post-
office inspectors.

"Within a few years," he declared,
"the Bankers' Life Insurance com-
pany of Des Moines, whose general
agent I was in New York City, will
owe me forty thousand dollars in re-
newals on life insurance policies, and
if the company makes this good to
me I will make the losses good to all
the people who invested in Liberty
Bonds thru me."

STATE COMPLETES CASE IN SHAY MURDER TRIAL.

Indianapolis, Ind., Nov. 16.—The
state had practically completed its
case when court adjourned this even-
ing in the trial of Dan Shay, former
American association baseball man-
ager charged with murder for the
death of Clarence Euell, negro wait-
er in a local hotel cafe.

LOYALTY MEETING OPENS.

St. Paul, Minn., Nov. 16.—A pa-
rade in which soldiers, citizens and
wives and children of men in the
National Army took part today open-
ed the two day loyalty meetings here
and in Minneapolis. Addresses were
made by officials of several states at
the opening session and a message
from President Wilson was read at
the evening meeting.

TWO BURNED TO DEATH.

Tulsa, Okla., Nov. 16.—Two em-
ployees were burned to death and
five men are missing as a result of
the explosion and fire last night,
which destroyed the Standard Oil
company's refining and blending
plant at Norfolk, Okla. The loss
is estimated at \$500,000.
The known dead are William
Campbell and J. Ryan.

WILL SELL PIG TO AID
ARMY "Y" WAR FUND

T. H. Buckthorpe Gives Porker to Good Cause—Will be Auctioned Off This Afternoon With Jed Cox Officiating.

One of the most interesting incidents of the campaign for the army M. C. A. fund is scheduled for this afternoon. T. H. Buckthorpe has been aiding the committee in various ways and yesterday as a part of his contribution decided to donate a pig which is to be sold at auction in front of the headquarters at 1:30 this afternoon.

Jed Cox will be the auctioneer and there is every reason to expect that with such a good porker, good auctioneer and good cause that a record price will be paid. The money thus secured will help swell the army fund. Mr. Buckthorpe has a fine Poland China pig at his farm home just east of Jacksonville and he has selected one of the very best for this "hog auction." Be sure to bid on this pig and if you don't get it yourself have someone else pay a stiff price for the honor of ownership.

RED CROSS SHOP NOTE.
The local Red Cross shop has received another consignment of garments made by the Waverly women. This shipment includes 12 pairs of pajamas, 31 hospital shirts and 6 bed socks. Other supplies have been received from time to time from Waverly and Miss Josephine Stockdale, who wrote for the Waverly Red Cross said "Things are looking rather grave just now and all our Red Cross members should work a little over time. But our work seems to turn out rather slowly. Remember that we are always ready for suggestions."

A shipment of supplies came from Franklin yesterday to the Red Cross shop, including 8 bed socks, 5 pajamas and 10 comfort pillows. The Franklin women are among the most active in the county in this good work.

Friday—County	971.00
Total	\$115,191.50

The total subscriptions for the Army Y. M. C. A. fund in Jacksonville and county precincts as reported Friday was \$15,191.50. This sum, it is true, is more than the minimum allotment for this county but has not yet reached the sum hoped for by the national Y. M. C. A. fund committee. As previously pointed out, the present county wide campaign was planned six weeks ago. Since that time particularly because of developments in Russia and along the Italian front, conditions have changed and a much larger sum will be needed for the work.

That the people in Chicago well recognize this fact is shown in the contributions there. The allotment for Chicago was exceeded and the campaign managers there feel very confident in declaring that Chicago will go over the mark by 50 per cent and raise \$3,000,000. Morgan county gives every promise that it will fully equal Chicago's record on a percentage basis for the hope is well founded that the allotment here can also be oversubscribed fifty per cent. Both the city of Jacksonville and the county precincts have already passed the minimum allotment figures, notwithstanding the fact that in several of the county precincts the work is just now getting well under way.

Seven Precincts "Over the Top".
Mention was made yesterday that five precincts had "gone over the top" by subscribing more than the minimum allotment and Alexander and Woodson were yesterday added to this honor list. Others in "over the top" list are Concord, Franklin, Literberry, Murrayville and Pisgah. In the report of county precincts as presented by Dr. Harker at the luncheon Friday noon special comment was made on the fact that Nortonville and Sinclair had made their first reports. The organization work was a little slow in these precincts but now an excellent start has been made.

At the luncheon Friday Chairman Rammekamp called first for reports from the Jacksonville teams and then several men from county precincts were heard. One of the reports which called forth the most enthusiasm was by W. N. Luttrell of Franklin, where the workers joined so systematically in the effort that a canvass was practically completed in one day's time. An area of ten miles square was covered thoroughly with a fleet of automobiles. Each worker was given a certain number of prospects to interview during the day. The wonderful record was made of securing a subscription from all but seven of the persons visited. "We didn't ask the people whether or not they wanted to give," said Mr. Luttrell. "We went to them and said, 'You know as much about this army fund work as we do and what the need is. How much are you going to subscribe?' Mr. Luttrell testified that this method of solicitation worked out admirably.

Other Reports.
An enthusiastic report was also presented by Mayor W. R. Turaball of Waverly. That town has not yet reached the goal but has raised more than \$500 and the interest is keen. All the merchants of the town, it is said, have agreed to give two per cent of their gross sales today toward the fund and this sum of money, to-

gether with other subscriptions in sight, make it certain that the Waverly showing will be satisfactory. A. A. Curry of Pisgah, Rev. P. G. Shaw of Alexander, David Wilson of Nortonville and Allison Thomason of Markham also spoke briefly and told of the work in their precincts. Pisgah has gone well over the mark and the people there are thoroughly aroused. Rev. J. E. Herbert of Chapin was another county representative who attended the luncheon.

Pupils Eager to Help.
Miss Laura White told of the enthusiasm of the pupils of the David Prince school, where the 300 had been organized into nine sections. Each one of the sections is following out a different plan for raising money and today promises to be one of surprising activity among these pupils. Some of the pupils plan entertainments to which a small admission fee will be charged. Boys will rake yards and perform other work of the kind and girls have secured "jobs" of sweeping and porch scrubbing. Both boys and girls are collecting old papers, rubber and iron and will sell the accumulated supply today or Monday. Already the subscriptions at this school amount to \$250 and it is said that every one of the 300 pupils has given something toward the fund. Girls of the David Prince school will hold a market at the Economy store today for the "Y".

Pupils of the School for the Deaf are not behind others in their interest. They have organized and are enthusiastic in their effort to aid the cause. All workers and team members are urged to be at the luncheon at noon today and it is rumored that a pleasant surprise is in store for them.

The Grand Finale.
The "Y" War Fund campaign will end with the luncheon for the workers at the headquarters Monday noon. At that time final reports from the schools, colleges and institutions will be received and their subscriptions will be added to the totals for the city and county. Since the campaign is moving forward with such magnificent success, this final meeting will doubtless be a very happy occasion and celebration for all the committees and workers.

Free for All Solicitation.
Included in the contributions reported Friday were \$65 from employees of Waddell & Co., and \$8 from operators of the Illinois Telephone Co. As the campaign is drawing to a close it was announced by Dr. Rammekamp that the workers could call upon persons not included in their lists. Assignments of territory were as follows:

Team No. 1, district No. 8.
Team No. 2, district No. 11.
Team No. 3, district No. 5.
Team No. 4, district No. 9.
Team No. 5, district No. 4.
Team No. 6, district No. 1.
Team No. 7, district No. 10.
Team No. 8, district No. 6.
Team No. 9, district No. 7.
Team No. 10, district No. 3.
Team No. 11, district No. 12.
Team No. 12, district No. 2.

Members of team No. 13 will be called upon for special solicitation and can work anywhere.

A Letter to Some Precincts.
Dr. J. R. Harker, who as assistant chairman has directed the campaign work in the precincts outside of Jacksonville, yesterday sent the following letter to the chairman in each precinct where the subscriptions have "gone over the top," that is, exceeded the original allotment made for them.

"I am writing to you as chairman of your precinct to tell you how much we appreciate your fine efforts and your splendid success in the war fund for your precinct. You have come 'over the top' gloriously, and have shown the loyalty and patriotism of your people. I wish we could thank every one personally who has given. Perhaps you can have this letter of appreciation read in your churches Sunday, or printed in your local paper, or read in your schools. We are also proud of what has been done by teachers and children in the schools. It will mean much for these children in the coming years.

"But it is also fair to say that the success is largely owing to your splendid leadership, and I want you to know how glad we are for that, and how much we appreciate it.

"We thank you, the entire country thanks you, and the boys in the camps and the trenches will be grateful for your splendid response to this appeal."

Arrangements have been made for a meeting at the Cemetery church in Arcadia at 2 o'clock Sunday afternoon. The speakers have not been selected.

By a rising vote the thanks of the committee and workers was accorded V. R. Riley for his generosity in donating the use of the room for headquarters.

Mayor Rodgers and J. S. Findley, Y. M. C. A. secretary, went to Barry Friday afternoon and made addresses at the public meeting held there at night in the interest of the army fund.

John J. Reeve and others made addresses at a meeting in Bluffs Friday night. Scott county has been a little late in organizing but will no doubt have satisfactory report ready before Monday night.

LIST OF SUBSCRIBERS TO
Y. M. C. A. WAR FUND

Subscriptions reported between Nov. 13 and Nov. 14.	
The following is the list of subscribers to the Y. War Fund recorded between Tuesday noon, Nov. 13 and Wednesday noon, Nov. 14. As previously explained, many young people and teachers have subscribed to the funds raised in their respective schools and colleges. The same may be said regarding others who have subscribed as employees in certain stores and industries.

AN ARMY Y. M. C. A. BUILDING

The White House, Washington, Nov. 9, 1917.

My Dear Doctor Mott:

The special campaign for \$35,000,000 which the Y. M. C. A. has inaugurated is of vital importance to the work of increasing the contentment and efficiency of our citizen army; is fundamental to making morale the basis of military morale, and should engage the generous support of all our people. I bespeak for it a unanimity and a unity of effort and of gifts, to speed this patriotic and practical work forward to abundant and complete success.

Cordially and sincerely yours,
Dr. John R. Mott,
International Y. M. C. A.
New York City.

WOODROW WILSON.

IN A FOREIGN LAND

"I Have Felt the Glorious Feeling of Going into a Y Home When Alone in a Foreign Land and I Glory in Knowing Such an Institution."

The following letter written by a young soldier from Quincy will be read with interest just now:

Somewhere in France,
Oct. 23, 1917.

My Dear Mr. Crawthorne:—I have long wanted to write to you in order that I might express my heart-felt gratitude to the Y. M. C. A. which organization is doing a wonderful work in France. I can assure you that the work of the Y. M. C. A. is indispensable to the American soldiers who are far away from anything American and who are daily meeting new and surprising conditions.

America little knows the morale of the French Army. After three years of war, each six months seemingly to end, the soldiers and the French people have given up hope of a return to national conditions and so give way to their attacks of spleen. When a race of ascetic people stick to a war for over three years, they weaken and that is the most pitiful thing of this conflict.

As in London so it is in Paris. All the moral standards of the French people have fallen, due to the necessary adjustments which have taken place. The streets of Paris are busy with young and attractive women. Thrown out of work and taking the easiest and some times only available way they waylay oncoming Americans.

The native people think little of the lowered moral condition. "C'est la guerre." It is becoming national to them as their great wine drinking habit. The cafes and wine rooms attract and cater to the gay and moneyed American soldiers.

Amid these startling and horrible

conditions the home loving, clean Americans are thrust. The Y. M. C. A. is the only institution, the only set of men who advertise a lift to the wondering "Sammies." I have felt the glorious feeling of going in a "Y" home when alone in a foreign land and I glory in knowing such an institution. A large, beautiful, wealthy home invited me to a joyful evening under the flag of a Y. M. C. A.

But not only in Paris does the Y. help a man to find decent amusement, but also all over France. There are 500 American engineers in Fleury who are taking over a railroad running to Verdun. Here in this camp among the barracks is a tent with a Y. M. C. A. welcome sign outside. Within I found a piano, plenty of books and magazines, chocolate and tobacco, and an American word of cheer. Such a strength to a fellow's spirit.

But America's help is not only for the American soldiers, but also to the French "soldats." Just a half mile from here, five miles behind the trenches, is a "Foyer der Soldats", among the French barracks. Here is an American, who speaks fluent French and who administers to wants of the tired, restless, half-broken wrecks of war worn soldiers. In their time of waiting America comes and helps them.

But these American secretaries are hampered in their work because of delayed shipments. If only the men at home could see the need and the work done here, I know that they would lend their earnest efforts to do their bit in this war.

With best regards to all the "Y" folks and to all my friends whom you meet, I am,

Sincerely,
Harold Lewis.

Cold Settled In His Back

"Foley Kidney Pills always give me prompt relief," Ed Veltou, Rogers, Neb., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and remove the poison which causes the kidneys to become inflamed and the blood to become impure. The kidneys do not do their work properly and the blood is full of poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients and are safe as well as quick acting.

Cramps!

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used... but it didn't give any permanent relief. The pains came back on me just the same as before. After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."

TAKE

Cardui The Woman's Tonic

Cardui should help you as it did Mrs. Hagler, as it has helped thousands of other women who suffered from the pains and discomforts from which women suffer. Many medical authorities prescribe the ingredients of which Cardui is composed for the female troubles for which it is recommended. Why not try it for your trouble?

FIGHT FOR YOUR LIFE

**Duty Demands
Robust Health
Fight to get it and keep it**

Fight—fight day in and day out to prevent being overtaken by illness. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypochondria ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, leucithin and iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion, that "fed" feeling and frail bodies are due to lack of leucithin and iron peptonate in the system.

Your mind and physical strength and endurance depends upon a leucithin and iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle. This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin. Women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and nervous. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist or direct from us for \$1.50 per package. It is well worth the price. The National Remedies Co., Cincinnati, Ohio.

MORE MEMBERS FOR RED CROSS IS PLAN

Campaign to Secure 15,000,000 More Names on Roll Will Begin December 17th.

A nation-wide Christmas membership drive has been planned by the Red Cross War council. The building up of the Red Cross membership to 15,000,000 in the United States is the goal of the campaign. This means the addition of approximately 10,000,000 names to the present membership roll. The drive is to start December 17 and continue unceasingly up to Christmas eve.

A national Christmas membership drive committee has been appointed by the War council to have general charge of planning and later conducting the whole campaign. Theodore N. Vail, president of the American Telegraph and Telephone company, has accepted the chairmanship, and Dr. H. N. MacCracken, president of Vassar college, will be executive secretary.

"Make it a Red Cross Christmas" is to be the recruiting slogan. Everyone taking out a membership in the Red Cross during the drive will be known as a "Christmas member." The effort practically will be limited to securing annual members, paying annual dues of one dollar, or two dollars in the case of subscribing or magazine members.

During Red Cross week in June, the \$100,000,000 mark set by the War council was oversubscribed and gave assurance of a national interest in the Red Cross work which should make the Christmas membership drive fully as successful.

Committees to Be Selected. Division membership Christmas drive committees are to be selected by the division managers of the Red Cross, these committees to work under the general direction of the national committee. Each of the 3,000 or so Red Cross chapters also will appoint a committee to co-operate under the guidance of the respective division committees. The division committees communicated not later than November 13, with the chairmen of all the chapters, in order to map out the campaign on local lines.

As this is the country's first Christmas in the world war, it is felt that the people will be thinking of service rather than festivities, and that minds generally will be turned to the battlefields in Europe, and especially to our own soldiers and sailors. It is believed, therefore, that the country will be in a frame of mind at Christmas time to give expression to all its anxiety and hope by showing and renewing evidences of its support of the Red Cross.

Surgical Dressings. Material to be made into surgical dressings, hospital garments and knitted articles by the women of America will be purchased in the immediate future by the American Red Cross at a cost of \$3,457,200. This material will be sold at substantially cost prices to Red Cross chapters throughout the country and the proceeds credited to the supply reserve fund.

The purpose of these large purchases thru national headquarters is to obtain goods at wholesale prices by offering the goods to chapters in small quantities at a price only enough in excess of actual cost to pay for the handling. Every chapter obtains the benefit of these prices. The standard of material is passed upon by the Woman's bureau of the Red Cross and also by representatives of the European staff.

The appropriation covers the purchase of 4,000,000 yards of flannel, 1,500,000 yards of unbleached muslin, 560,000 yards of Tarcovet blanketing and 1,105,100 pounds of knitting yarn. The flannels will be made into pajamas and bandages, the muslin is for bandages and bed sheets and bath robes will be made from the blanketing. The wool will be knitted into sweaters, socks, mufflers, wristlets and other garments by Red Cross women workers.

The finished articles will be sent to Europe for distribution thru the Paris headquarters of the American Red Cross to American and allied forces, as well as to cantonments in this country.

AT THE GRAND MONDAY

Richard Walton Tully's weird and resplendent pictorial, "The Bird of Paradise," comes to the Grand Monday with nothing lost of its beauty and much gained by the reigning mania for Hawaiian eccentricities and lullabies, walls of the ukulele and tropical atmosphere.

Oliver Morosco and Mr. Tully may be regarded as pioneers who through "The Bird" infected our melody and dance and many other things theatrical with the symbolism and psychology of the South Sea Islanders.

Ben Grioux's sensational invention retains its mystery, his gorging volcano as terrifying as ever and the beauty of the Morosco production is amplified by constant and prodigious occupation. In no sort of mammoth spectacle has more atmospheric pretentiousness been achieved. The waving plumes of heat and still, heavy palms, the barbaric distinction in absolute reproduction of thatch-roofs and savage caves, the big, startling storms and varying skies are so fascinatingly exact that when the "dawn comes up like thunder" it fairly hurls climate at the audience.

Mr. Tully's libretto to the gorgeous transportation of Honolulu with its plaintively running accompaniment of twittering strings and beating sticks, has the same refreshment to offer that it had seven years ago. It is a vivid, thrilling and picturesque portrayal of life in the languorous Paradise of the Pacific.

ILLINOIS COLLEGE PLAYS MONMOUTH

Blue and White Team Will Play Monmouth of "Little Five" Conference—Team Left Friday Morning Over the Burlington—High School Plays Beardstown at Beardstown.

Coach Harmon and his band of Illinois college football warriors left Friday morning for Monmouth where a game will be played with Monmouth college this afternoon.

It has been a great many years since Monmouth and Illinois met on the gridiron. In years gone the teams played nearly every year and some great battles were staged. It is to be hoped that the game today will be a permanent re-establishment of athletic relations between the schools.

Monmouth in 1915 won the championship of the "Little Five," and Illinois won the honors in the "Little Nineteen." An endeavor was made to play a post season game but the Illinois held out every inducement the game could not be arranged.

This year Monmouth has a strong team, the perhaps not so strong as two years ago. The team was defeated by Lombard but lots of teams have met that fate this year as Lombard has the strongest aggregation that has represented the school in several years and is the undisputed champion of the "Little Nineteen" this year.

Coach Harmon has put Illinois thru some hard practice the past week and the men are in good shape and prepared to put up a hard fight. The men expect to put more fight in their game than they did against Millikin. If they play with the same spirit that was displayed in the Wesleyan game Monmouth will have her work cut out for her.

Coach Hoover and Coach Hufford will journey to Beardstown today with the first and second teams of the high school to play games against the first and second teams of the Beardstown school. Both teams have been doing some hard scrimmage work the past week and expect to give a good account of themselves this afternoon.

Beardstown has a strong team this year and is expecting to take the locals into camp. However, the locals will have something to say about that and are prepared to put up a hard fight against the River Town team. Beardstown is making big preparations for this game and expect to make it the banner game of the season. There has always been great rivalry between the cities and most of the football scores have been on Jacksonville's side of the slate and Beardstown believes that this year the tables will be turned.

The following men will make the trip, which will be by automobile. First team: Ferguson, Flerke, Arter, Berto, Green, Smith, McDougall, Hunt, Garvin, Vieira, Harney, and Tholen. Second team: Reeve, captain, Hobbett, Ragan, Brown, Cruzan, Cornick, Ransdell, Reid, Lucas, Sieber, Shibe, Reynolds.

GIVE INSTRUCTIONS FOR RE-OPENING CASES

Local Exemption Board Receives Instructions from Adjutant General Miller Weir Takes Exception to Alleged Statement of Col. Greene Division Commander at Camp Logan.

The local exemption board yesterday received the following communication relative to the reopening of individual cases of registrants. The word comes from the district office of the Adjutant General and is as follows:

State of Illinois
Adjutant General's Office
Springfield, Illinois.
November 15, 1917
Memorandum for Local and District Boards.

Subject:—Reopening Cases.

1. The following changes in the rulings and instructions governing the reopening of cases are directed by the Provost Marshal General, in telegram dated November 13, 1917: Where the Man Has Not Been Inducted Into Military Service.

(a) Reopened cases now in hearing will be completed under current rulings.

(b) The general permission to reopen cases given Local and District Boards in paragraph 14, Memorandum from this office of October 10, 1917, is recalled. No case will hereafter be reopened by a Local or District Board unless specially referred to it by the Adjutant General.

(c) Hereafter all claims for reopening cases must be filed with the Adjutant General. If the original case is now decided the claim must reach the Adjutant General's office not later than November 23, 1917. In original cases now pending, and those which will hereafter arise, the claim for reopening must be filed within seven days after receipt of notice by the registrant, or person claiming exemption or discharge, of the decision of the Local or District Board, as prescribed in Sections 25, 41 and 45 of the regulations.

Where the Man Has Been Inducted Into Military Service.

(a) Where the person has never reported to the Local Board and has been certified on Form 146-A, the method prescribed on page 7 Compiled Rulings No. 12, will continue to be followed.

(b) All other cases of men already inducted into military service heretofore reopened and now in process of rehearing shall be forthwith closed and the prior disposition of the case adhered to. No case (except those reported on Form 146-A) will be reopened hereafter.

(c) Any person already inducted into military service who claims that he has not had a full and fair hearing, or has not had a full and fair opportunity to be heard by a Local or District Board, or who claims that the Board has exceeded its jurisdiction, or substantially violated the Selective Service Law or Regulations in passing on his claim, may apply to the Commanding Officer of his Mobilization Camp to be discharged under the provisions of paragraph 133 Army Regulations. If the Commanding Officer desires information of the facts in a particular case the Adjutant General will call upon the Proper Board for a full report.

2. All claims for reopening cases of men not yet inducted into military service submitted to the Adjutant General must contain a statement of the date of receipt by the registrant, or other person in his behalf, of the original decision of the Local or District Board. Whether or not the claim is filed within the prescribed period is for the determination of the Adjutant General.

3. Local and District Boards are requested to give all possible publicity to these changes in order that registrants and all other persons concerned may be correctly and speedily informed.

Frank S. Dickson,
The Adjutant General.

Chairman Weir Enters Protest

Mr. Miller Weir, chairman of the board, takes righteous exception to a dispatch sent out from Camp Logan by the United Press and has sent the following telegram to Provost Marshal General Crowder at Washington, D. C., and to Adjutant General F. S. Dickson at Springfield, Chairman Weir's wires were as follows:

Nov. 16, 1917.
Provost Marshal General Crowder,
Washington, D. C.

The Jacksonville, Illinois, Courier of November fifteenth contained the following telegraphic statement, headed "Officers term work of Illinois Boards Farce. Col. Charles H. Green, commanding Division at Houston, declares many selected men are unfit."

"Houston, Tex., Nov. 15.—Col. Charles H. Green, commanding the 129th U. S. Infantry and other 33rd division officers, today branded the work of Illinois exemption boards as a farce. "Draft recruits received here, many of whom understand no English at all, cannot be trained," Col. Greene said. "Ten in one lot are sufferer from advanced specific blood poisoning in such vicious form that they had to be isolated immediately to prevent healthy persons from contracting this dread disease."

We would respectfully ask if such an unjust and untrue statement by an officer of the United States Army will be allowed by you to pass without investigation and reprimand. This statement discredits every Exemption Board in the State of Illinois and also discredits in a false and disgraceful manner the personnel of our selected men. We would respectfully request immediate answer by wire.

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change — heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Gordon, 925 Napoleon St., Fremont, Ohio.

HIGH SCHOOL STUDENTS
PRESENT OPERETTA

"The Windmills of Holland" Presented in a Pleasing Manner Before Large Audience—Members of Cast Acquired Themselves With Great Credit.

A pretty operetta, depicting scenes in Holland entitled "The Windmills of Holland," was presented by a large and well trained cast at the High School last night, on the new stage in the gymnasium.

The play was under the direction of Miss Leonard, instructor in English, and Miss Hopper, instructor in Music. The scenes were wound about a simple, but forceful plot, and the catchy songs sung by the members of the cast were the hits of the evening. In the plot of the play a young American salesman for a big machinery firm goes into Holland, and tries to persuade one of the old settlers to tear down the old wind mill, and install new machinery to furnish electric power to the village. He almost succeeds in the plan, when the love for the old wind mills, rather than a spirit of progressiveness wins in the end, and while the Yankee drummer is defeated in his plans to sell the machinery, he is happy in knowing that the natives are also happy.

All the song numbers were unusually bright and snappy, and sung in a manner that was unusual for high school students. A large chorus supported the principal characters, and new and intricate scenes were introduced.

Following is the cast for the evening.

Music—Urania lodge orchestra. Address—Mrs. Irene Cooper, of Decatur, president Rebekah State Assembly.

Song—Urania lodge male quartet. Reading—Miss Helen Harney. Entertainment—Professional entertainers.

Address—H. M. Blood, Chicago grand master, I. O. O. F.

Music—Urania lodge orchestra. This will be the order of exercises at the evening session at Armory hall.

Opening—Conducted by the officers of the lodge.

Conferring of first degree—Degree staff of Illini lodge, F. E. McDougall, captain.

Conferring of second degree—Degree staff of Murrayville lodge Frank Sooy, captain.

Remarks—Grand Master, H. M. Blood.

The order of business as arranged by the Rebekahs is to be as follows:

Opening—By officers of Jacksonville lodge No. 13.

Discussion and organization of Morgan County Rebekahs association.

Conferring of degree—Jacksonville lodge No. 13, Jewell E. Scott, captain.

Address—Mrs. Irene Cooper, state president.

The Morgan county Odd Fellows association comprises the following named lodges in this county: Illini lodge, No. 4, Urania lodge, No. 243, Arcadia, No. 92, Concord, No. 82, Lynville, No. 356, Woodson, No. 711, Chapin, No. 49, Waverly, No. 93, Franklin, No. 121, Murrayville, No. 415, Meredosa, No. 962, Nortonville, No. 947.

The officers of the association are: E. E. Henderson, president; A. G. Cody, secretary-treasurer; vice presidents, Meredosa, Charles James; Franklin, W. N. Luttrell; Lynville, E. A. Ranson; Murrayville, Frank Sooy; Chapin, C. E. Filson; Concord, H. Rentschler; Arcadia, J. J. Clark; Woodson, Edward Gallagher; Waverly, M. VanWinkle; Nortonville, Leonard Dalton.

The committee on arrangements includes: From Illini lodge, No. 4, Ernest Ellis, Donald McLaren, Ernest Pires, J. Marshall Miller and Frank Hamlin. From Urania, No. 243—C. E. Williamson, C. E. Seymour, J. A. Crum, W. E. Thomson, Robert Reid.

The reception committee members are: From Illini—C. O. Bayha, chairman; R. C. Allen, Joseph Ludwig, Thomas Harber, John Phillips, T. S. Martin, P. G. Stein, Clark Rothwell, Lawrence Seiber, Fred Darr, John Deatherage, J. A. McClothlin, Elliott Craft, T. M. Masse, and John Minter. From Urania—C. S. Black, chairman; Clyde D. Black, John Schofield, Verne Wilson, Arthur Vannier, A. L. Henderson, T. M. Tomlinson, Andrew Jones, Fred Clark, J. Edgar Martin, Carl Weber, Dr. S. J. Carter, Lloyd Moss, James W. Martin and Walter Wright.

L. H. Calloway, the well known horticulturalist of old Bethel, was in the city yesterday with some samples of apples he produces. One was especially notable owing to its name and quality. It is called Paradise and was delicious fruit. It was developed in a peculiar manner. As is generally known, the seeds of apples when planted do not produce the same kind of fruit as that from which they are taken and generally the result is an inferior article. In this case a man took some seeds from a fine, old time Belleflower apple and planted them and this apple was the result of one of the seeds and is highly valued.

NOW CAPT. MULLENIX

Mrs. M. J. Mullenix has received word from her son, John Mullenix, that he has been promoted from Lieutenant of the 23rd Cavalry to Captain of the 81st Field Artillery at Ft. Oglethorpe, Georgia. The many friends of Capt. Mullenix in this city will be glad to learn of his promotion.

SIXTY MEN AT CAMP TAYLOR REFUSE PAY

Turn Back Salaries Offered for Six Weeks Service—Are of Mennonite Faith.

Camp Zachary Taylor, Louisville, Ky., Nov. 16.—Sixty soldiers at Camp Taylor have refused to accept their pay. They are absolute objectors to war, all being members of the Mennonite faith. Each man was handed thirty-six dollars for six weeks' service and each handed it back.

The Mennonites are all attached to the first division of the One Hundred and Fifty-ninth depot brigade. The only work they have had to do since being at camp had been limited to washing dishes and serving soldiers in the camp cooks' and bakers' school. They were withdrawn from this work after a census was taken of objectors, classifying them as those willing to serve in non-combatant capacities and those unwilling to serve in any capacity. The Mennonites came under the latter classification. Recently the only work they have been doing is to keep their quarters clean.

All of the objectors not in the absolute class, accepted their money. The unaccepted salaries of the Mennonites totaled \$2,160.

FOUGHT DRAW AT STREATOR.

Al Baldwin the local boxer returned yesterday from Streator where he boxed a ten round draw with Otto Wallace of Milwaukee but recently located at Drumwright, Oklahoma. Baldwin was originally billed to box Red Dolan but the match fell thru and then Solly Freidman was substituted but he ran out of the match. Wallace and Baldwin fought a fifteen round draw in Drumwright about a year or more ago. The bout was a fast one as Wallace is hard and fast boxer. Al brought home a discolored eye as a souvenir of the bout which was the first one he has engaged in for several months.

CONCORD MAN IS IN
CRITICAL CONDITION

L. F. Bayless Afflicted With Paralysis—Y. M. C. A. War Fund Totals \$28—Other Concord News Notes

Concord, Nov. 16.—Minister C. G. Cantrell, Mrs. Cantrell and Mr. and Mrs. W. H. Williamson motored to Chapin Wednesday night in the Williamson car and attended the revival services at the Christian church, which are being held by the Pastor, Lewis Gladway. By invitation Mr. Cantrell preached the evening sermon, and three young girls came forward, making six additions so far.

Our mail carrier, W. Woodward and family at Chapin are enjoying a pleasant visit from Mr. and Mrs. Kendrick Woodward and daughter, Mrs. Dings, of South Royalton, Vermont. Kendrick Woodward is

Walter's brother.

Mrs. Barton of Versailles, came back for a week's visit with the Woodwards and other friends.

L. F. Bayless, who has been afflicted with paralysis for several years, is worse again since Sunday afternoon. His throat is affected now to such an extent that it is difficult for him to swallow. His many friends regret to hear of his additional trouble.

Mrs. O. T. Hamm reports that her father, W. J. Green, is doing very nicely now. He suffered an amputation of his left leg recently, and is in Pleasant Hospital.

The Y. M. C. A. teams are meeting with grand success in soliciting for Concord's apportionment of \$400. The total was \$528 on Thursday night.

Baker school was closed for a few days on account of chicken pox.

Mr. and Mrs. Elmer Plank were

Beardstown visitors on Wednesday.

The carpenters commenced work on J. E. Whorton's new house on Tuesday.
